

As an Indian citizen, I want to speak out against proceeding 02-278. I am very satisfied with our State's Do Not Call Law and feel that the effectiveness of this law will be diminished with preemption from the federal law. During the time that my wife and I have been on the do not call list, it has been a pleasure to eat supper without tele-marketer interruptions. I do not want my phone used for that purpose at any time. I feel I should be able to indicate that I do not want to receive tele-marketer calls.
